DC/25/3957/FUL | Construction of a self-build dwelling. Part Land Rear Of Grove Cottage The Street Little Bealings Suffolk

Statements from the Planning Agent and from residents had previously been circulated to the Councillors. After a brief discussion

It was **RESOLVED**:

Although the Parish Council is generally unable to support developments outside the settlement boundary and cluster policies, it does not object to development at this site. If the planning authority were to consider an exception is justified in this case it asks that, in addition to considering the impact on neighbouring properties, particular regard is also given to the impact on views from the countryside since this is an important consideration in relation to proposed developments set out in the Parish's draft Neighbourhood Plan. The Parish Council draws attention to the fact that the recently built new neighbouring property situated next door to Grove Cottage on the Street is not shown on the site plan for this application.

orchards), public footpaths and cycleways, vehicle accesses and associated infrastructure), Land East Of, Adastral Park, Martlesham Heath, Martlesham, Suffolk

It was **RESOLVED**:

- That although the Parish Council does not object to the development it asks that due consideration be given to the timely provision of supporting infrastructure. In particular, the Council asks that schools, medical facilities, and other essential services are completed and operational in advance of, or in line with, occupation, so that they are available when required by residents of this substantial development.
